Teaching at FSU Jena

- | | |
|----------------|---|
| SS 2018 | <ul style="list-style-type: none">• field training course (geomorphological mapping) (GEO 233)• field training course (terrestrial drilling, sedimentological analyses & interpretation) (GEO 531) |
| SS 2015 – 2019 | <ul style="list-style-type: none">• lead of the Physical Geography Research-Colloquium• laboratory training course (GEO 434) |
| SS 2016 | <ul style="list-style-type: none">• field training course (geomorphological mapping) (GEO 233) |
| WS 2015/16 | <ul style="list-style-type: none">• field training course (geomorphological mapping) (GEO 447) |
| WS 2014/2015 | <ul style="list-style-type: none">• field training course (hydrochemistry, hydro-acoustic, lake sediment sampling) (GEO 531) |
| SS 2014 | <ul style="list-style-type: none">• IMPRS (International Max-Planck-Research School) core course “Paleoclimate”• laboratory training course (GEO 434) |
| WS 2013/2014 | <ul style="list-style-type: none">• laboratory training course (GEO 331) |
| SS 2013 | <ul style="list-style-type: none">• field training course (hydrochemistry, hydro-acoustic, lake sediment sampling) (GEO 531)• field training course (geomorphological mapping) (GEO 233) |
| WS 2012/2013 | <ul style="list-style-type: none">• laboratory training course (GEO 331) |
| SS 2012 | <ul style="list-style-type: none">• field training course (hydrochemistry, lake sediment sampling) (GEO 531)• field training course (hydrochemistry, hydro-acoustic, lake sediment sampling) (GEO 233) |
| SS 2011 | <ul style="list-style-type: none">• field training course (hydrochemistry, lake sediment sampling) (GEO 531)• field training course (seismic refraction, terrestrial drilling, hydro-acoustic, hydrochemistry) (GEO 233) |
| SS 2010 | <ul style="list-style-type: none">• Tutor: field training course (seismic refraction, terrestrial drilling) (GEO 233) |
| WS 2008/2009 | <ul style="list-style-type: none">• field training course (seismic refraction) – Algarve field trip• Tutor: laboratory training course (GEO 331) |
| SS 2008 | <ul style="list-style-type: none">• Tutor: field training course (seismic refraction, ground penetrating radar, terrestrial drilling, geomorphological & vegetation mapping, hydrology, hydrochemistry) (GEO 233) |
| WS 2007/2008 | <ul style="list-style-type: none">• Tutor: Physical Geography (GEO 131) |
